Meet our NTW Scholarship Recipients

The Nest to Wings program was created in 2019 to help with costs of early childhood education for Windy Hill children. We are very excited to support our children by helping you give them the best start possible.

Meet our current scholarship recipients!

“Nest-To-Wings is an incredible program! Oden and Oliver have socially and academically flourished since starting Grace Montessori. I'm grateful that they can go to such a great school that I would otherwise not be able to afford on my own.”
-Samantha W

Oliver & Oden

The Windy Hill Foundation works with Grace Montessori School in The Plains, Middleburg Montessori School in Middleburg, as well as Mountainside Montessori in Marshall, and Piedmont Child Care Center in Upperville, to provide learning opportunities for our community's children.

Nico

“The scholarship has been great for my peace of mind, as it will give Nico several opportunities for social development.”
-Nikita

Windy Hill believes a quality preschool experience is essential to facilitate the optimum development of a child's full potential and lay the foundation for overall growth and lifelong learning. Research has shown that good preschool programs impact children in various areas related to their development, from supporting early cognitive gains to health, and social and emotional development in adolescence.

Piper

The incredible generosity of our donors funds this program. We are very excited to support our children by helping you give them the best start possible.

Resident Survey

We value your feedback! Help us enhance your living experience by participating in the 2025 Resident Services Survey. Your answers are confidential, and your input will help guide Windy Hill Foundation in where to focus our programming and services provided to residents. Please take some time to share your thoughts and suggestions! Your feedback is crucial in shaping our community's future. The survey will be distributed in January, stay tuned!
